

Essential Spanish for Healthcare: A Quick, East-to-Use Program for Nurses, Doctors, Clinic and Hospital Administrators

By Miguel Bedolla

Penguin Random House LLC, 1997. Book Condition: New. Ready to use on the job, Essential Spanish for Healthcare is a vital tool for anyone who works with Spanish-speaking clients in hospitals, clinics, or other healthcare-related areas. This program has everything you need to communicate immediately and effectively, including a phrasebook, two cassettes, and a quick reference guide. Essential Spanish for Healthcare covers common situations, such as reception and sign-in, taking medical history, discussing symptoms, delivering the prognosis, and dealing with family and friends. Set includes 352-page manual, 64- reference guide and 2 audio cassettes. The phrasebook includes more than 2,500 essential Spanish words and phrases, organized by topic. . Phonetic transcriptions help you pronounce Spanish correctly. . Culture notes address sensitive issues. . Spanish-English/English-Spanish glossary and grammar summary are great for reference. The two 90-minute cassettes can be used to improve your conversation and comprehension skills - while you're in the car, exercising, or at home. "Essential Spanish for Healthcare" teaches Spanish for real-life situations, such as reception and sign-in, general examination, taking medical histories and discussing symptoms, delivering the prognosis, and dealing with family and friends.

Reviews

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.
