Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Integrating Care for Older People: New Care for Old - A Systems Approach, Christopher Foote, Christine Stanners, Bob Kane, Rosalie A. Kane, Highly Commended in the Public Health category of the 2003 BMA Medical Book Competition. 'The book is also helpfully laid out. 'Signposts' in right hand margins link issues discussed in different parts of the book. Each chapter has a short summary of contents at the start, an overview at the end and 'headline points'- short bullet points designed to reinforce key messages in the reader's mind. The end of each chapter also includes references and further suggested reading. This book will repay study by anyone involved in planning or delivering services for older people- particularly those working to try to implement 'joined up' services. From this perspective, the book is genuinely inspirational. It shows how much can be achieved by working in this way and -more importantly- how it was done.' - Journal of Interprofessional Care 'This is an important book. It needs to be read and understood by everyone involved in caring, but especially by those with the power to influence change- which is increasingly purchasers and senior managers. It also provides a valuable guide to a large literature and has useful examples of questionnaires, data collection forms and clinical vignettes.' - International Journal of Geriatric Psychiatry 'This book is unique and brilliant at the same time. It shows the limits of what any given healthcare professional can accomplish and the amazing, seemingly impossible feats that an effective team caring for older persons can accomplish. The commentary on leadership in healthcare and the ways in which healthcare teams evolve and work is excellent. It is not in the least dry, but rather invigorating as one sees the concepts, values, and...
