Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. For months now Jayde Kimberland has been touring from city to city with her best friend, Arianna Moore, as The Daughters of Darkness. Living the dream most musician would kill for, they were known as the opening act for the platinum selling rock group, From Yesterday. With Arianna battling demons of her own, Jayde found what she thought was her Prince Charming within rocker bad boy, Cash O'Brien. As the tour came to a close, the distance between them pulled like the tuning key turning to tighten one of their guitar strings. When Nate Daniels walks back into the picture, she's faced with the possibility of having the life with the man she loved years ago or trying to hold onto a reckless Cash. Everywhere Jayde turns she is hit with a curve ball, shattering everything she tries to build. But one person is there to help pick up the pieces no matter what. But as tragedy reveals its ugly head, she finds herself lost, lonely, and confused on what the future may hold. Will she be able to let go of the past and find happiness within her future or will she have to forever deal with the shattering effects of a love long gone?.
