Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Human civilisation has miraculously survived for another three hundred years into the future. Technology has blossomed and intergalactic travel is now feasible. This has enabled contact with other races living on planets nearby within the same spiral arm of the Milky Way. Despite all these advances humanity has not learnt much from its mistakes. There are still two blocs with different political ideologies vying for supremacy and threatening to destroy each other. There is still the same power madness, greed and selfish exploitation that has prevented mankind from reaching its potential. The only major stride forward has been the abandonment of primitive superstition. There are no longer religious beliefs to shackle people s minds. The need for rare metals has meant that the asteroid belt has become a major resource to exploit. Itinerant prospectors make a living on this new frontier out on the Rim and occasionally make a killing by discovering an ore-rich asteroid. One such prospector by the name of Hansim Olsson is attacked by a skilled assassin. Another, by the name of Miken Thorsby, discovers a place...
