This beautiful book can only be made more so by the memories and reminiscences penned by a grandmother for her grandchildren. Filled with questions about her early life and childhood, family, marriage, loves, hates and achievements, any grandmother - new or old - will enjoy completing the book and creating something truly unique: her own autobiography. At a time when, with mobiles, emails and video calls, communication should be at its easiest, sometimes a great deal of real life gets overlooked and forgotten. With this wonderful book you can take the time to recollect and think about precious memories, noting them down for your loved ones and thus providing them with a treasure trove of information for generations to come.
