

## Angular JS Jump Start

Filesize: 5.9 MB

### Reviews

*Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
*(Enrique Labadie)*

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 108 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. AngularJS (commonly referred to as Angular or Angular.js) is a complete JavaScript-based open-source front-end web application framework mainly maintained by Google and by a community of individuals and corporations to address many of the challenges encountered in developing single-page applications. The JavaScript components complement Apache Cordova, the framework used for developing cross-platform mobile apps. It aims to simplify both the development and the testing of such applications by providing a framework for client-side modelviewcontroller (MVC) and modelviewviewmodel (MVVM) architectures, along with components commonly used in rich Internet applications. The AngularJS framework works by first reading the HTML page, which has embedded into it additional custom tag attributes. Angular interprets those attributes as directives to bind input or output parts of the page to a model that is represented by standard JavaScript variables. The values of those JavaScript variables can be manually set within the code, or retrieved from static or dynamic JSON resources. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subjects core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject . We hope you find this book useful in shaping your future career and Business. This item ships from La Vergne, TN. Paperback.
